Our women's transitional shelter has been up and running since December of 2022.

We are working on  
getting our  
emergency shelter  
for women  
up and running!

—  
**That's where  
YOU come in!**

**We believe the County will be covering the renovation costs to rehab the space that will house the Emergency Shelter. However, once that is complete - there will be “start up costs” ....**

**We will be starting with 3 sets of bunk beds and a single twin bed (for the house mom who will live there)**

**That's a total  
of 7 twin  
mattresses**

# THE NEED IS GREAT

---

**Last year 86 different men stayed at our emergency shelter.**

**Our transitional living programs have assisted over 230 men and women since we began in 2007.**

# CURRENTLY

---

**Currently there are NO SHELTERS to help homeless women in Carbon County if they do not have children with them.**

**We get multiple calls every week from women in Carbon looking for shelter.**

**We must refer them to the women's shelters in the Lehigh Valley - which almost always have waiting lists and no beds**

Thank YOU again for your consideration!
